

PORTFOLIOPILOT

Digital portfolios of talented school
students of Kazakhstan

KAZAKHSTAN

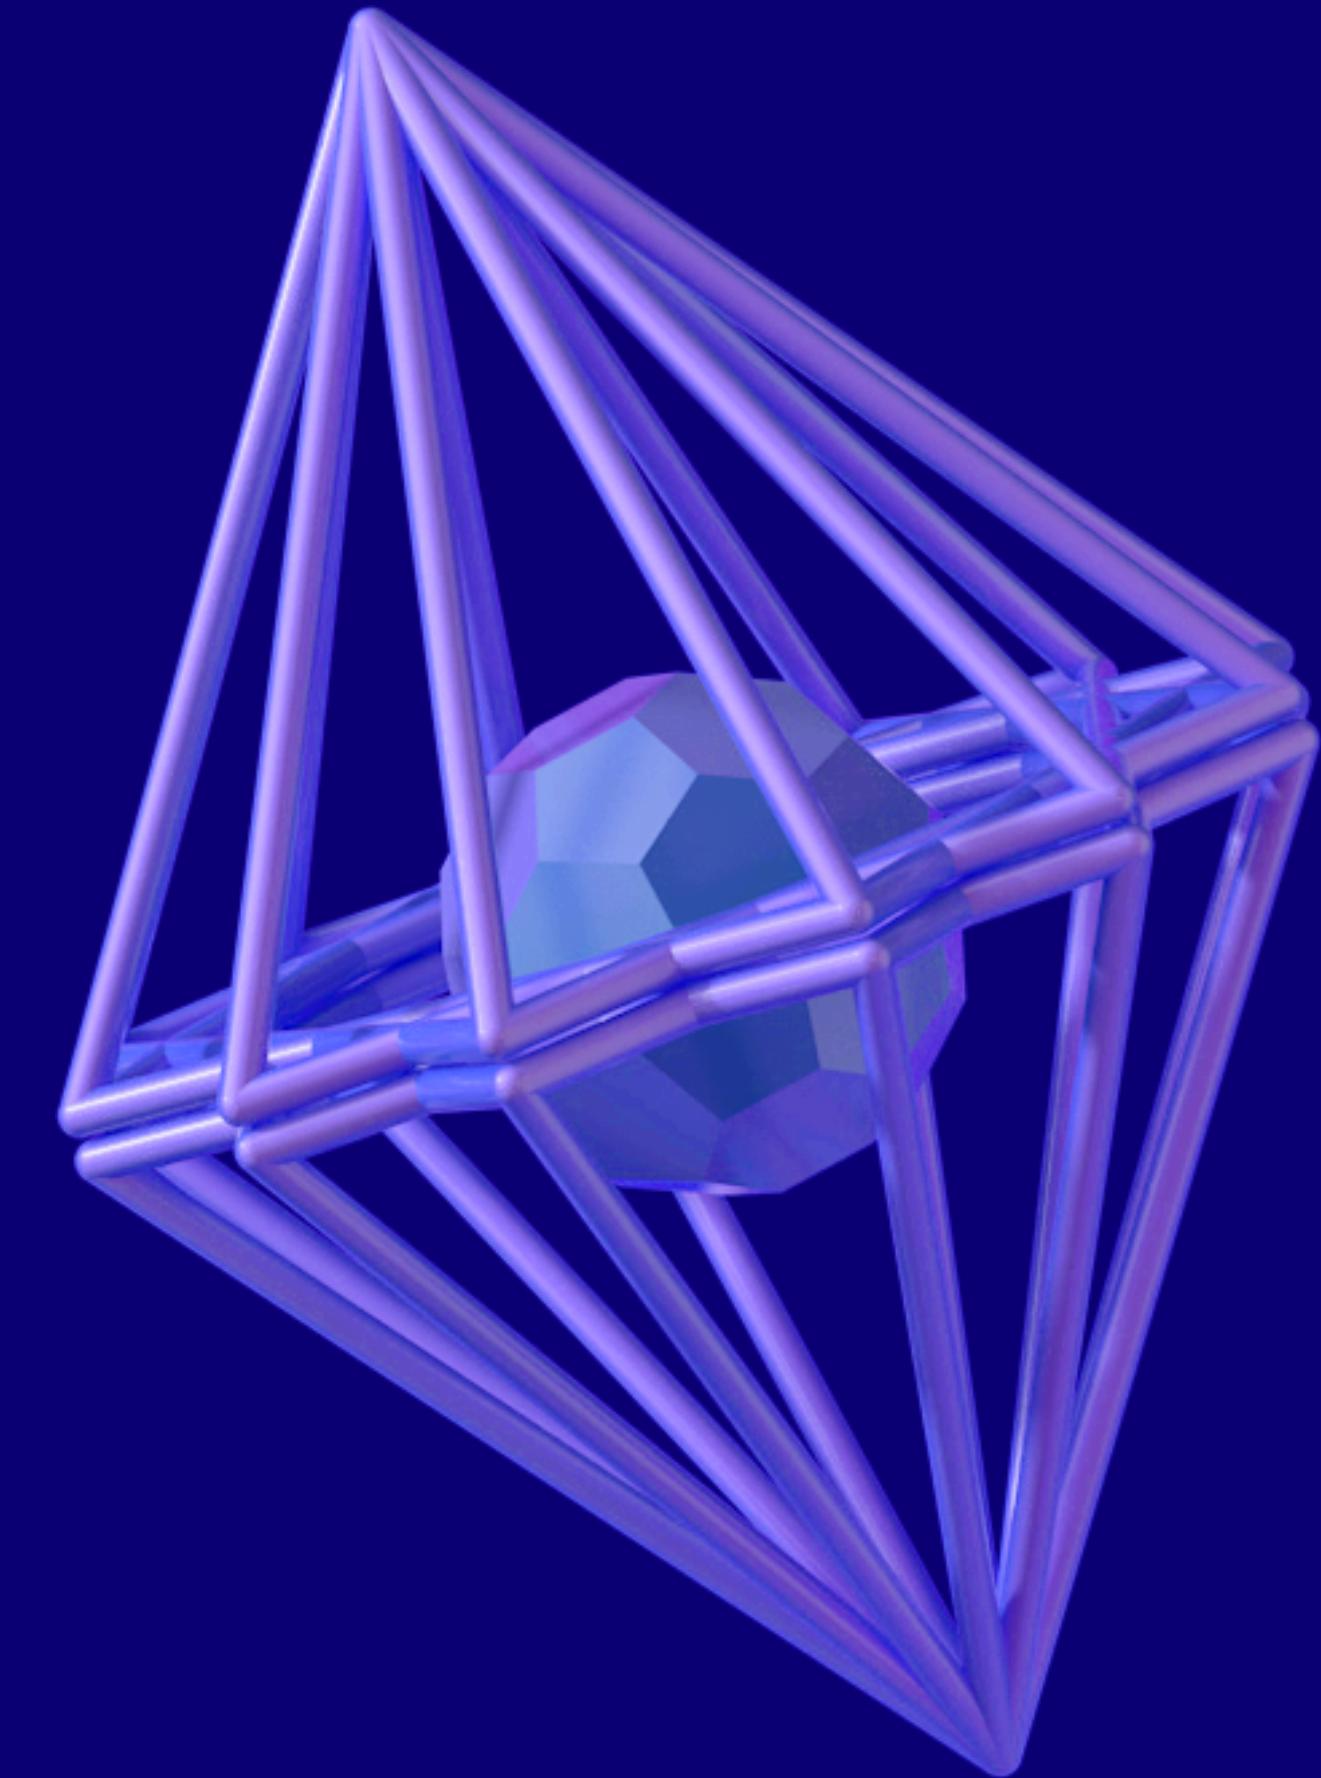

PROBLEM

Today, students' achievements are stored in different places and formats.

Olympiads, projects, and certificates are often lost or not taken into account.

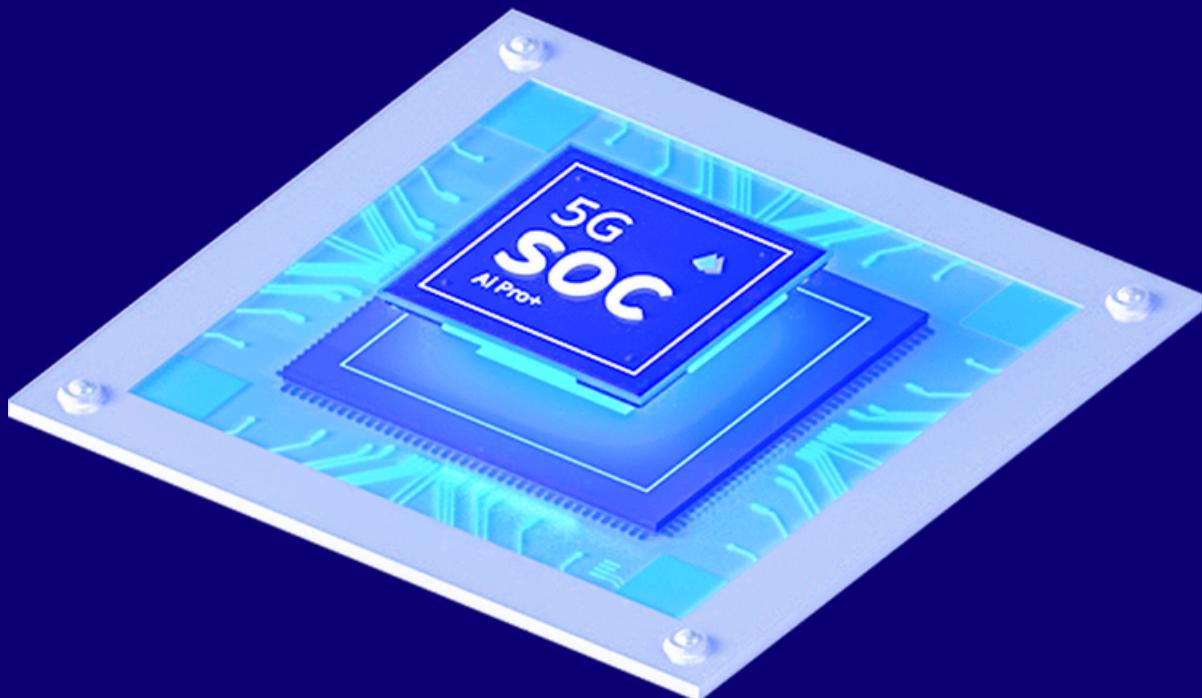

There is no unified portfolio standard for schools and universities.

Because of this, it is difficult to objectively evaluate students' talent and potential.

WHO DOES THIS HINDER?

WHO IS AFFECTED BY THIS PROBLEM?

Students

They can not present their achievements in a convenient and structured way.

Schools

They do not have a unified student database or analytics.

Universities

They spend a lot of time manually analyzing documents.

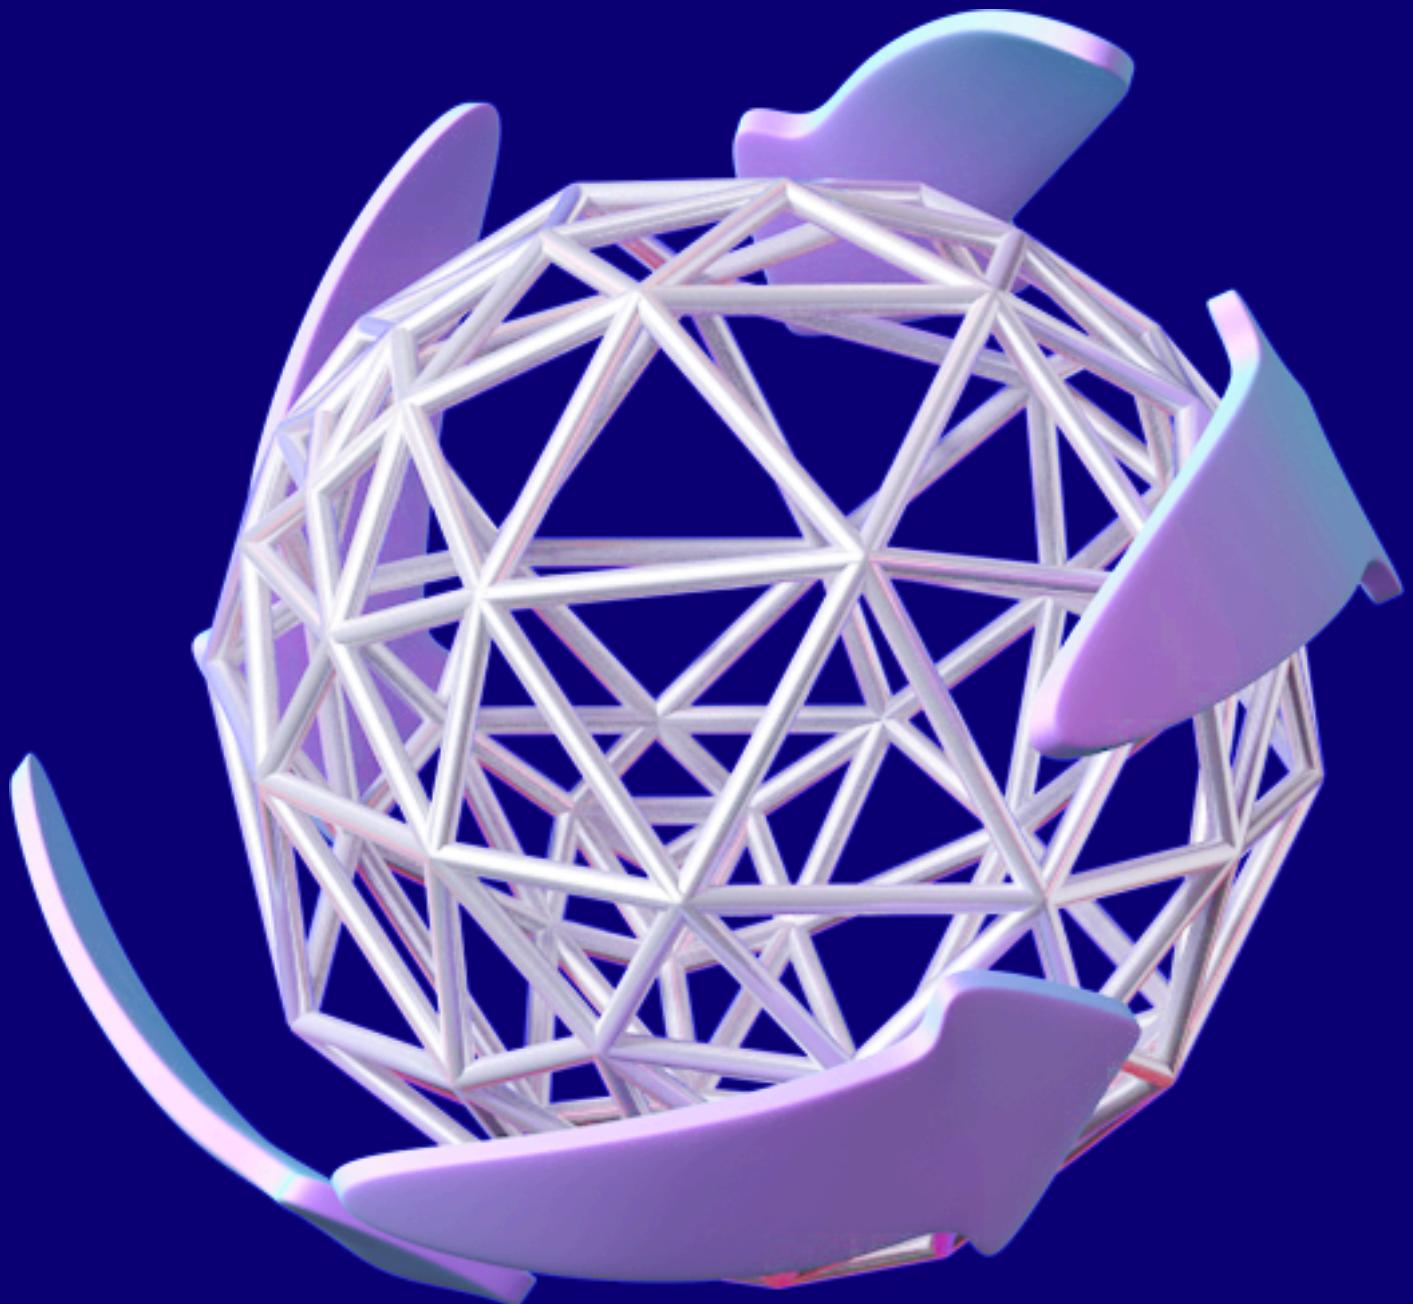

SOLUTION

OUR SOLUTION – PORTFOLIOPILOT

PortfolioPilot is a unified digital portfolio platform. All student achievements are collected in one profile. Public profile page. Export to PDF format. Creates a space where like-minded people come together

FEATURES

HOW THE PLATFORM WORKS

Create a personal profile and add olympiads and projects.

Each achievement can include a certificate or photo as proof, ensuring the reliability of the information.

View other students' profiles and brings people together to do projects

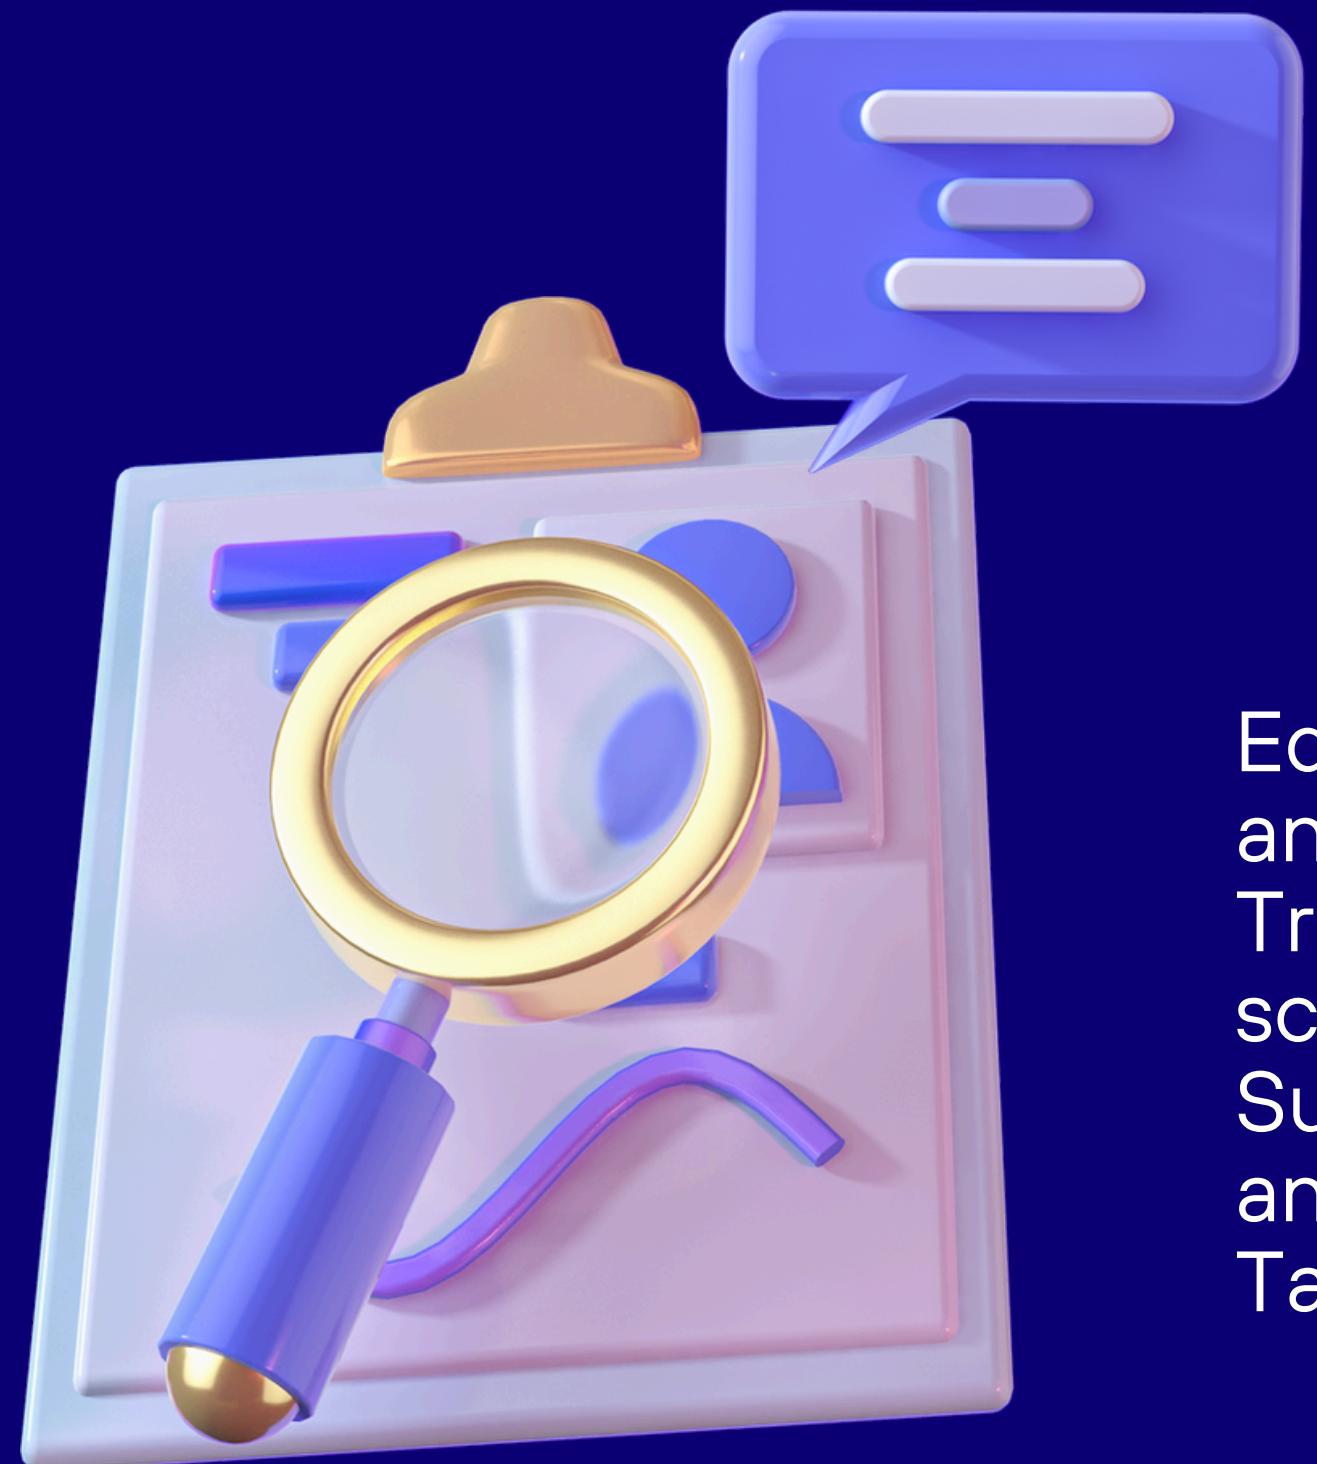

PUBLIC PROFILE

SHARE YOUR
PROFILE WITH
ONE CLICK

- EACH PROFILE HAS A PUBLIC LINK
- PROFILES CAN BE DOWNLOADED AS A PDF DOCUMENT
- PROFILES CAN BE EASILY SHARED WITH SCHOOLS, UNIVERSITIES, OR MENTORS

SOCIAL IMPACT

WHY IS THIS IMPORTANT?

- Equal opportunities for students from cities and regions
- Transparent and clear selection of talented school students
- Support for the development of education and human capital
- Talent should not depend on geography

THANK YOU

Happy to answer your questions!
